MALPRACTICE MAY BE THE ANSWER

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

We see where there is considerable money and time being devoted to trying to find out how the kids get through high school and don't learn anything and some can't read or write well enough to fill out a job application form, much less do simple arithmetic. At this time several states are trying to enact or enforce laws which would require regular testing of students as they went their way from grade to grade, to see if they are learning anything and if so how much.

This, of course, meets with considerable opposition from a large part of the Academic Community for one reason or another including some lame excuses about how embarrassed a young one might be if he was flunked, to the fact that some of the teachers feel like it would violate their civil rights if they had to put up with this.

Replacement Cattle Firm To 42 Mo., Moisture Conditions Still Some Concern

Kansas City, Apr. 16 (USDA) - National Feeder Cattle and Calf Summary. Approximately 225,000 this week, 25,000 last week, 235,000 last year. Feeder cattle and calf prices again were firm to 200 higher across the nation. Spurred on the post-Easter price upturn on finished cattle feeders again aggressively bid up the price of the raw material.

While calves got their fair share of attention and upturn the greatest concentration and advance was on steers over 700 and particularly over 900 lbs. as well as heifers over 800 lbs., which would be marketed from the gigantic grazing areas insofar as moisture is concerned. Much sub-surface moisture has yet to be replaced and stock ponds to be filled, and here it is April 16, the start of the grazing season.

River Terminal Markets: 40,000. Steers choice and including prime thin and moderately fleshed but framey. 300-500 lbs. 42.00-47.00, Kansas City to 48.50 and Sioux City 49.50; 500-600 lbs. 41.00-45.00, Kansas City to 46.00; 600-700 lbs. 40.00-43.00; thin to fleshy 300-400 lbs. 40.00-42.50, fleshy 600-900 lbs. 38.00-41.50; very fleshy, partly fatened and some finished to present choice slaughter 850-1050 lbs. 39.50-41.00. Heifers choice and some prime, thin and moderately fleshed 300-500 lbs. 38.00-38.00, Sioux City 39.10 and Sioux Falls 40.00; thin to fleshy 500-700 lbs. 35.00-38.50, Sioux Falls 40.50 on 500 lbs. and Kansas City (CONT. Publication April 15 in Federal Register Scheduled, Beef Producers Must Register To Vote in Referendum

In related actions, the U.S. Department of Agriculture has announced a decision to issue an order that would authorize a nationally coordinated research and information program for beef and proposed rules for conducting a referendum on a Beef Research and Information Order. According to USDA's Agricultural Marketing Service, the order an

Fed Cattle, Hogs Found Mixed Prices at Terminals Monday

Receipts of both cattle and hogs were larger Monday at the major terminal markets and prices presented a highly mixed picture, depending to a great extent on whether comparison was with earlier in the week or at the close of last week's trading. Prices trends, quotes, choice and prime fed steers and mixed good and choice steers and heifers and U.S. 1-3 hogs scaling 200 to 270 pounds included:

Omaha fed cattle week to 25c, up 50c under last week's high close. Steers 37.50-41.00 and 38.50-39.50; heifers 37.50-38.25 and 36.50-37.50. Hogs steady to 25c lower at 38.00-37.50. Sioux City fed cattle 50-1.00 lower, steers 38.50-40.50 and 39.00-39.75; heifers 37.75-38.75 and 36.75-38.00. Hogs steady to 30c-37.25. Feeder steady to 50c higher, steers 39.00-40.50 and 38.50-39.50; heifers 37.50-39.00 and 36.00-37.50. Hogs 50c lower at 35.00-37.50. FDA PLANS TO BAN ANTIBIOTICS IN ANIMAL FEEDING

New FDA Commissioner Donald Kennedy in an address to the National Animal Health Conference, Drug Committee last week announced his department intends to ban feeding antibiotics such as penicillin, tetracyclines and sulfamonomoxime to livestock and poultry as a growth stimulant. The drugs could still be used for treating disease, which in the case of most of these drugs would require a prescription from a veterinarian and supervision. Rules concerning poultry and rabbits would be more liberal than in the case of meat animals, Kennedy stated.

Joe Cooper, manager of Oak Valley Ranch near Athens, is shown with the two Santa Gertrudis bulls and a heifer that will make up the ranch's get-of-sire progeny of Denver 421, Oak Valley's first herd sire.

Dedmon's Oak Valley Ranch Breeding For New Santa Gertrudis Out-Cross

Athens — Oak Valley Ranch, owned by C. B. "Burt" and Eleanor Dedmon, and managed by Joe Cooper, is trying a couple of experiments which are proving successful in their Polled Santa Gertrudis breeding program.

First they started by purchasing some of the best horned Santa Gertrudis cows they could find and then began breeding to Polled bulls to produce a new Polled bloodline that would offer an out-cross to the breed. Then they started taking "loose-hided" cows and breeding to tight-skinned bulls, and vice versa, to produce an animal that would be reasonable loose-hided for fast growth and size, yet would have a smaller sheath — one of the main objectives of most Santa Gertrudis breeding programs in recent years.

"We believe we are being successful with both programs," Dedmon said. One of their first bulls is Denver 421, bought from Buddy Fogleson's Forked Lightning Ranch at Pecos, N.M., whose sire was jointly owned by Forked Lightning and Winrock Farms, Morrilton, Ark.

Ranch manager Joe Cooper, who owned his own Santa Gertrudis herd in Georgia before going to the Canterbury Farms at Warrenton,

Va., as cattle manager, says "Santa Gertrudis genetics are not locked in since the breed is only about 50 years old, as are some of the older breeds, and we believe these breeding programs will produce new genetics that will benefit the Santa Gertrudis breed in general."

Dedmon, whose wife calls a perfectionist, believes that his breeding program will take at least twelve years to perfect — then "I'll just be ready to really get started with it."

In the meantime, it has worked well enough that bulls and heifers from his ranch have already done well, especially in get-of-sire categories in several Santa Gertrudis shows in Texas and Louisiana.

He and Cooper are now grooming two bulls and a heifer for this fall's show circuit in which they place much confidence. One of the bulls weighed 1100 pounds and the other 1,115 pounds on their first birth day. The half-brothers and half-sister all sired by the "Denver" bull will be entered in get-of-sire competitions.

Dedmon, who owns an aircraft engine parts manufacturing company, makes about 1,500 parts for business

D. B. "Burt" Dedmon, owner of Oak Valley Ranch, near Athens, and Jeremiah, one of his horned Santa Gertrudis bulls he uses with Polled cows to produce new out-cross bloodlines for the breed. He also breeds Polled bulls to horned cows.

OBBA Field Day May 29 Announced

The Oklahoma Brangus Breeders Association will sponsor their Annual Field Day Sunday, May 29, 1977, at W. A. Musgrove's Bar A Ranch, Bokchito. The ranch is located 18 miles south and approximately 18 miles east of Durant on State Highway 70E.

Plans for the day include an International Junior Brangus Heifer Show open to any Junior Brangus Breeder. No advance entry is required. The classes of Brangus heifers will be shown. Premiums have been established and trophies will be awarded. Carlton Corbin, well-known Angus breeder of Pittsboro, Oklahoma, will judge the show. Mrs. LaDonna Marshall, Marshall Star Brangus, Box 5, Box 432-A, Shawnee, may be contacted for further information on the show.

A judging contest for 4-H and FFA members is under the direction of Burgin, Oklahoma. A registered heifer, donated by Force Brangus, Welch, will be awarded to the high point individual of the contest. Trophies will be awarded by the OBBA to the first and second place teams. 4-H and FFA advisors should have information on this contest, or contact Mr. Burgin, Box 204, Oklahoma, for further information.

Dr. Travis Rich, Livestock Specialist, Oklahoma State University, will be the guest speaker. He will discuss the Beef Test Center at OSU. Activities will begin at 10 o'clock.

Quarter Interest In "Tom-Tom" Feature Of Hastings 1st Production Sale April 30

J. W. Hastings Ranch, owned by Mr. and Mrs. Hastings, Windthorst, Texas, will host their first Brangus Production Sale at the ranch located 7 miles south of Windthorst on Saturday, April 30 at 1 p.m.

The Hastings registered Brangus herd was started with 25 bred heifers and 2 yearling bulls, all bought in 1970 at the Yuma Valley Co. Brangus Dispersal in Arizona. All were Black Duke breeding and most of the females are still producing in the herd, along with one of the bulls. Shortly after buying these females, Hastings started looking for a herd sire. He found just that in Rocky Joe 197 "Tom-Tom" bought from Willow Springs Ranch, Burton, Texas, in 1971. Tom-Tom is presently the only 100% Brangus Certified Meat Sire. He has also sired many show winners, including Mr. Tom-Tom 38/3, the 1975 International Brangus Breeders Futurity Champion. A 1/4 interest in WSR Rocky Joe 197 "Tom-Tom" and Mr. Tom-Tom 38/3 will sell in the production sale April 30.

Don Pitts Joins Appaloosa News

Our Girl Friday . . .

By ANN SYLER

I sometimes make rash promises — at times delivering and other times I'm not so sure about — and did it again this weekend. As we were almost literally being washed away in the rain that fall Thursday, Friday, Saturday and Sunday the telephone rang and it was a friend from Missouri. They're still far, far behind in rainfall and need it desperately, so I told him it was on my part for the time being and was sending it on. I made two stipulations, however, this is only a loan; and they are to keep their own to themselves. We flew out of Austin a couple of weeks ago to Missouri in 75 degree weather, landed up there just a scant 8 hours later in snow flurries, and they turned to quite a bit of snow by the next day, and we were certainly not properly clothed for such. Matt finally borrowed from a 2 year old boy a wool "Pinto" cap.

It has been several months since I have added any "little quotes" to this column like I do from time to time and everyone seems to enjoy, so here goes with a few more. I have been saving this one for several months, waiting for the right circumstances to use it, but since no such circumstance has seemed to occur I'll just throw it in: "This is one of those times when my over is truly whelmed!" (I hope there's someone who has just read this that will think "that's just what I was trying to say.") Now this next one I don't have

to have a special circumstance for, it happens around this place daily! "We've done so much for so long with little that we feel like we can do anything with nothing at all in no time flat." Ready for some more? "You may be on the right road, but if you just sit there, you'll get run over" and then this other "road" one — "It's always easy to thumb a ride on the road to ruin." And, in the same vein, "simple medicine — get busy." To put an end to this for today, remember "A smile costs nothing." I have found that without fail our Brangus breeders practice the last of these — they are very quick to use their smiles — and you can't say to them "get busy" as that's the way they stay! Here's the schedule all you Brangus folks have to meet in the next few weeks: Saturday, April 28, Bluebonnet Breeders Inspection Seminar at Lehman's Brazos Valley Brangus, Simonton; April 30, J. W. Hastings Sale at Windthorst, Texas; May 7 the Inspection Seminar for Pines & Plains Breeders at Premier Brangus, Longview; May 14 at Dadeville, Missouri for Regal Land & Cattle JK Brangus "Show-Me" Sale; May 21, Krist Hubert's "Show-Me" Sale; May 28, Krist Hubert's "Show-Me" Production Sale, Uvalde.

No one can accuse us of "just sitting there and taking a chance on getting run over!"

Consequences Of Cotton Replanting Serious

College Station — Texas cotton producers are able to get by with replanting cotton in some years, but this is not the year to give it a try, emphasizes a cotton specialist with the Texas Agricultural Extension Service.
Dr. Robert B. Metzger says that the consequences of replanting cotton this year are more severe than in past years due to a shortage of high quality seed.

Brangus Show at Tucson Gets Strong Slate of Entries

Cattlemen from six states exhibited a record number of quality Brangus at the Southern Arizona International Livestock Show in Tucson, Ariz., March 19. Miles McKee, Kansas State Univ., judged 80 head representing breeders from Texas, Arizona, Colorado, New Mexico, California and Arkansas.
Pruett-Wray Cattle Co., Sasabe, Ariz., exhibited the grand champion bull, PW Yuvalle Duke 282/4. The April 1974 son of Yuvalle Bk Duke 122 was also winner of the two-year-old bull class and senior champion. The reserve grand champion, PW George Boy 64/5, was also owned by Pruett-Wray. The October 1974 bull was winner of the senior yearling bull class and reserve senior champion.

The grand champion female was Miss Siler 20/6, shown by Adolf Stadler, Comfort, Texas. The summer yearling heifer, class winner and senior champion female was a May 1975 daughter of Brinks Colorado 165. Granada Land & Cattle Co., Bryan, Texas, exhibited the reserve grand champion female, Ira L. & M. The daughter of Van B Getze was also reserve senior champion.
Tranquility Brangus Ranch, Lincoln, Calif., showed the junior champion bull, TBR Freedom 003. The November 1975 son of DG Freedom Bull 301, was also winner of the senior bull calf class. The early junior bull calf class winner and reserve junior champion bull was PW George Boy 180/6, shown by Pruett-Wray. The junior champion female was JWH George Girl 68/6, shown by J. W. Hastings, Wichita Falls, Texas. The heifer was also winner of the late junior heifer calf class.

NEWS about LIMOUSIN

Around The Limo Loop

By: KEN HOLLOWAY & BRUCE BROOKS

We are happy to be able to cooperate with the Weekly Livestock Reporter in sharing the news of the Limousin industry to readers of this great southwest publication.

Through this monthly article we will strive to keep you abreast of Limousin events in the surrounding area.

We, as Limousin enthusiasts, are proud to report the success of youngsters feeding Limousin steers this past show season. Five of the most prestigious steer shows throughout the continental U.S. were topped by Limousin percentage steers. These were to include: Ak-Sar-Ben Steer Show in Omaha, Neb., won by Tim Schroeder, West Point, Neb.; The National Western Stock Show, Denver, Colo., won by Greg Hilbert of Algona, Iowa; The Southwestern Livestock Exposition won by Neil Scott, Rising Star, Texas; The San Antonio Livestock Show, San Antonio, won by Jacinda Gleason, Muleshoe, and the Granddaddy of them all, the prestigious Houston Fat Stock Show, Houston, Texas won by Pam Easo of Three Rivers, Texas.

These champions as well as numerous other State and County winners have established the Limousin club steer as one of the most sought after items within the beef cattle industry. Limousin percentage bulls have also been in great demand throughout the country. Their acceptance and strong demand was evident at this

Dyer-Sims Limousin Ranches Building Top Herds In Texas

Baird, Texas — Dyer-Sims Limousin Ranches are a wide spread, yet closely knit operation which has become one of the larger Limousin producers in North America.

"We know that no one breed of cattle has put 'it all together' for every breeding program," but for us, the Limousins come as close to that as anything we've seen," said Ray Sims, who heads up the Dyer-Sims Limousin operation at Baird.

Sims, an animal husbandry and beef cattle management graduate of Texas Tech who later headed up that university's beef cattle department, and has gone on to be one of the most highly sought beef cattle judges for shows all over the nation, believes the Limousins are now beginning to prove the truth of their advance publicity — that they are some of the most efficient producers of beef that have yet come along.

He cites a little-publicized comparative experiment conducted by the Texas Tech Experiment Station at Spur, Texas a couple of years ago. In that official feed test, a hand-picked set of Black Brahman from the 6903 Ranch at Guthrie, were matched against a set of Limousin-Hereford crosses gathered up from over Texas and Oklahoma. Sims said the Black

A young son of Gendarme whose grand dam was high indexing cow in the Nordic Farms Limousin herd was purchased by Dyer-Sims in the Deux Amis sale.

ladies averaged about six weeks later and weighed about 40-50 pounds at start of the test. But the Limousin crosses out-did the Black Baldies in every category of the test.

A pure French Limousin heifer in the Dyer-Sims herd at Baird.

gained more during the test and outweighed the Baldies by 65-125 pounds at the finish. "They dressed out better and were worth a lot more money at the end of the test when they were slaughtered," he said. "But the important thing was that the Black Baldies had a feed efficiency of around 9 to 10 pounds of feed to one pound of gain and the Limousin crosses had a 7-1 feed ratio," Sims added.

This three-quarter Limousin bull topped percentage bulls when purchased recently by Dyer-Sims Limousin Ranches for use in their commercial breeding and club calf producing operations.

When you cut two pounds of feed off that which is necessary to produce a pound of beef, you've really reduced the cost of producing that beef — and that's what the beef game is all about," Sims added.

The Dyer-Sims operations consist of James Dyer and his wife, June, who have about 800 commercial Herefords and Angus at their place at Fort Davis, and are also running about 300 head of percentage Limousins there, and their son, Lewis Dyer, who has a commercial and Limousin operation at Sierra Blanca, and Ray Sims and his wife, Wanda, who has about 800 percentage Limousin cows and will breed about 100 three-quarter and seven-eighths Limousin females this year at the Baird place. The Sims' son, Boxer, also operates a commercial cattle ranch at Haslet where he breeds to Limousin percentage bulls and A. I.'s some purebreds.

The Dyer-Sims partnership was formed while Sims was the agriculture agent for Brewster and Fort Davis counties in West Texas.

They have acquired some of the top Limousin bulls available in north America to head up their breeding programs. Sims' chief herd sire has been Lacombe Dynamo, an Eclairour son bought three years ago in the Saskatchewan sale at Regina from the

Canadian Export Station. They also recently bought a son of Espoir CIM 8, and a working interest in the \$55,000 bull, Gibraltar, sired by Eclair out of Hacienda, and sold to a 10-member syndicate in the Mel Hatley Farms sale in Oklahoma City.

They also bought a young son of Gendarme at the side of his dam in the Deux Amis sale. His grand dam was the top indexing cow in the Nordic Farms herd.

Using the top sires available, the Dyer-Sims aim is to end up with one of the top herds of fullblood Limousin cattle in the nation.

Budrick Farms Sets Vintage II Limousin Sale For May 14

Mannville, Okla. — Budrick Farms has announced their Second Annual Limousin Production Sale will be held Saturday, May 14, 1977. This Vintage II Limousin Sale will begin at 12 noon following the 10 a.m. brunch.

Selling are 72 lots of selected Limousin females. These are big, growthy cattle ranging from open purebred Limousin heifers to open 3/4 blood Limousin heifers with a selection for cattlemen at every stage of upbreeding.

The First Washita Cattle Company Club Calf Sale will follow the Vintage II Limousin Sale at 7 p.m., May 14. Selling are 50 choice Limousin cross club steer calves and 15 excellent Limousin cross club heifer calves.

A poolside pre-sale party is scheduled for 8 p.m., Friday, May 13, and a dinner on the grounds will be served at 5:30 p.m., May 14 between the Vintage II Sale and the Club Calf Sale.

The sale will be managed by American Cattle Service Inc., of Chantanooga, Okla. For information contact Budrick Farms, Rt. 1, Mannville, Okla. 78447. Rick and Sharon Dobson, 405/371-3973, or Roy McDowell, herdman, 405/371-3985, or McKinnon & Sons, Jim and Linda McKinnon.

Bull Run Limousins Hit \$631 Average

South Coffeyville, Okla. — In the Bull Run Limousin Ranch "Blue Ribbon Sale" here April 9, the 113 lots grossed \$71,365 for an average of \$631. George Morse and Bruce Brooks were auctioneers for the sale managed by American Cattle Services, Inc., Frederick, Okla.

Ron & Carolyn Holland, Osage City, Kan., bought two Hilly Acres, Decatur, Ark., bought one of the open full French heifers for \$2,600 each. All three were consigned by Golden View Farms, High River, Alta., Canada.

JCL Cattle Co., Dayton, Md., bought a calf for \$1,000 with the dam going to McKinnon Ranch, Marion, Kan., for \$450, making the pair gross \$1,450 for lots in that category. Carlton Noyes, Minden, Neb., paid \$950 for a domestic purebred heifer. McKinnon Ranch, Limousins, Nowata, Okla., bought one lot for \$876; and Halls Limousins, Rogers, Ark., got two lots for \$950 each.

Volume buyers were Beaver Creek Limousins, Leota, Kan.; Halls Limousins, Rogers, Ark.; JCL Cattle Co., Dayton, Md.; Robert Miller, Hattsville, Kan., and McKinnon Ranch, Marion, Kan.

**Limousin Steers
Bear Out "Beef
Breed" Designation**

When Judge George Strathern slapped the grand champion steer on the rump at the Houston Livestock Show in February this year, that made it seven big ones for Limousin.

The same scene was reenacted seven times during the 1976-77 show season by different judges at the Iowa State Fair at Des Moines; at the Eastern National at Harrisburg, at the Aksarben in Omaha; at the National Western at Denver; at Fort Worth, at San Antonio, and finally at Houston. Limousin cross steers were named grand champion at all of them.

At the state fair level of shows it was the same story. Limousin cross steers took grand champion honors in either the on-foot or the carcass show or both in Colorado, Minnesota, Michigan, South Dakota, and Florida, and in district shows in nearly every

area of the country including Ohio, Central Wyoming, California, North and South Florida, Northeast Kansas, West, North, and Far South Texas, Georgia, Kentucky, and Minnesota. Steers judges also favored the Limousin crosses in more than 80 county fairs during the season.

The North American Limousin Foundation is, of course, very pleased with the recognition accorded the breed during 1976 and 1977, and the Foundation's Executive Vice President, Bob Vantrease, attributes it in part to the USDA changes in the grading standards adopted in February of last year.

"Steer judges are becoming more and more concerned with the yield of a steer," Vantrease said, "and are realizing the economic differences to be found between yield grades."

He went on to say that he believed this record indicates a change in the judging criteria around the country and a move toward an increased awareness of the economics involved in the cattle business even at the junior level.

Kimbell MEDICATED FEEDS ARE MONEY MAKERS

It goes without saying that no program or type of feed can guarantee a profit on a particular set of livestock. However, it is possible to guarantee that with proper management a feeding program will make livestock more valuable — better money-makers.

KIMBELL Medicated Feeds Are Designed to Improve Animal Health and Balance Nutrition

This type of program improves the appearance, gives livestock that "good doing" look — this convinces your buyers they are "worth more."

This type of program actually makes your livestock "do better" — control of disease and parasites adds pounds — they are "worth more."

WEATHER: Most of the week was plagued by thunderstorms and heavy rain which prompted flash flood watches and warnings. Rainfall amounts were around 1 inch in the Trans-Pecos area; 1-1/2 inch in the northern and southern High Plains, Upper Coast, South Texas, and the Lower Valley; almost 4-1/2 inches in the Edwards Plateau and 2-1/2 to 3 inches elsewhere. Temperatures were very near normal for the week except the Trans-Pecos area which was 5 degrees below normal. Soil temperatures at the 4 inch depth averaged in the 70's across South Texas, rice belt, and the Trans Pecos, mid to upper 60's in the Southern High Plains, Blacklands, and East Texas, and in the mid to upper 50's in the Panhandle. Soils were warm enough for planting most crops except for the Panhandle, where soils were warm enough for corn, but still cool for other row crops.

American Brahmental Assn. Sale-Workshop Set On April 30

San Antonio — Dr. J. O. Brumlow, president of the American Brahmental Association (ABA), has announced the newly formed organization's first workshop and all-registered Brahmental sale will be held Saturday, April 30, at the Lone Star Auction in San Antonio, Texas.

The ABA was the first association in the world to establish a registry for Brahmentals. Having been incorporated by the State of Texas on May 22, 1976. The ABA has the name "Brahmental" registered with U. S. Patents and Trademarks Office and with the State of Texas, and the U. S. Trademark is now pending.

The workshop beginning at 10:30 a.m., April 30, will be to familiarize Brahmental breeders with the inspection and classification system used by the ABA. It will be followed by inspection of the sale cattle.

Dr. John H. Farris, vice-president of the ABA, will conduct the workshop which will include a detailed explanation of the Standard of Excellence, the inspection and classification, and the acceptable breeding-up chart. A question and answer session will follow.

The sale will offer approximately 80 head of the finest selection of Brahmental cattle available for purchase anywhere. Dr. Brumlow said.

There will be 20 foundation bulls of pure Brahman and Simmental heritage. These bulls include one of the very scarce three-quarter Brahman, one-quarter Simmental and pureblood Simmental females to produce three-eighths Brahman, five-eighths Simmental calves. Bulls of this type are very hard to obtain now, and such bulls of the quality being offered in this sale cannot be found elsewhere. Dr. Brumlow said.

Females to be offered include three excellent cows with pure three-eighths Brahman, five-eighths Simmental bull calves at side. These calves are among the very first three-eighths, five-eighths cross bulls ever born. There will also be five pureblood Simmental heifers bred to produce three-eighths, five-eighths calves.

Royal Charolais All-Polled Bull Sale Set May 7

next two top selling heifers brought \$950 each. They were both March heifers; one bred by Ross Ranch of Jordan, Mont., and bought by Scott Foster of Ranger, Tex., the other heifer was bred by the Lund Ranch of Whitew, Mont., and bought by James Daryl Lee of Humble, Texas.

Volume buyers of the sale were Dr. J. W. O'Hanlon of Snyder, Tex. purchasing 12hd, and Gary W. Womach of Bridgeport, Tex. buying 8hd.

Eight heifers were purchased with the help of \$375 Scramble Certificates won by these young people while they attended the 1976 Livestock Show, either by high school or college. The heifers will compete in a class only to scramble certificate purchase heifers, as well as in the Junior Show in Houston next year.

Heyser Angus Farm
2nd Annual Selected
Heifer Sale Results

The second annual selected Angus heifer sale results were very good with a 67hd Average of \$485.00 on April 9, with most of the heifers going as 4H & FFA projects. This in itself tells what kind of heifers were offered. The heifers were consigned by ten of the top registered Angus ranches in Montana.

The top selling heifer came from Charles McRae's Big Dry Ranch, Jordan, Mont., and bought by Robert Moore of Oberlin, La. for \$1,000. The

same young hellion for one more term. As is usual in these affairs, they ain't any sort of commonality in the pros and cons and the usual problems about how to handle minorities come up. What is hard to understand is why a member of a minority has to be treated any different from the average student, and this fuzzy sort of thinkin' seems to be what causes most of the trouble between the so-called minorities and the non-minorities, whoever they be.

Some rather interestin' discussion is takin' place in California, one of our most prolific incubators of different type thought. Out there they are

Beef Referendum (CONT. FROM PAGE 1)

The Beef Board could initiate a broad spectrum of projects to improve beef production, distribution, and marketing and to insure that an adequate, steady supply of beef is available to consumers. Such a program could include consumer education and information and research on a wide variety of subjects.

Under the Act, before an order could go into effect, eligible producers must vote on it in a nationwide referendum conducted by USDA's Agricultural Stabilization and Conservation Service. Producers must register to vote in a referendum.

For approval of an order, at least 50 percent of those registered must vote, and two-thirds of them must favor the order.

According to the referendum rules proposed, eligible producers would have two weeks to register to vote at their local ASCA office. Then, be-

fore the completed ten days prior to voting, there would be a two week interim followed by a two week voting period. The proposal does not specify dates for these steps, but USDA officials anticipate that registration could begin about June 13.

The proposed referendum rules, which would apply also to any other future referendum on this program, are scheduled for publication in the April 16 Federal Register.

Copies will be available from: Program Operations Division, ASOS, U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013. Interested persons can comment on the proposal until April 30. Send five copies of written comments to: Hearing Clerk, Room 1077-S, U.S. Department of Agriculture, Washington, D.C. 20250.

The Beef Research and Information Order also is scheduled for publication in the April 16 Federal Register. Copies will be available from: Livestock Division Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

Texas Polled Hereford NEWS

BY MIKE HUDSON

The Central Texas Polled Hereford Association "Show and Tell" Field Day will be held May 14 at the DAR-J Ranch near Blum and Dulick Stock Farm near Morgan. Polled Hereford cattle from about a dozen ranches in the Central Texas area will be on display. Promotion and management will be the topic of discussion as three Polled Hereford breeders and a representative from the American Polled Hereford Association present their ideas on these timely topics. The program should be especially interesting to new breeders.

Registration for the CTPHA "Show and Tell" Field Day will begin at 9:30 a.m. at the DAR-J Ranch located South of Rio Vista, Texas on State Highway 174. The West Texas Polled Hereford Association has announced plans to again sponsor a bull test at the Abilene Christian University, Allen Farm at Abilene, Texas in the 112 day test are to be delivered to the testing facility on July 15-16 and the test will be concluded December 10. Entry forms will be mailed from the Texas Polled Hereford Association office in mid-May. Interested parties should contact Jean Abbey, Secretary, WTPHA, Route 1, Coleman, Texas 76804, or TPHA, Box 70, Rio Vista, Texas 76898.

The first major area sale of Polled Herefords will be the Bel-Mar Acres dispersal at Gilmer, Texas, May 7. Selling are 276 lots of Polled Hereford cattle, a total of 378 head, including 140 cows and calves, 34 bred cows, 11 bred heifers, 41 open heifers, 23 yearling bulls and 7 herd bulls. Bloodlines represented include Victor Domino, Mesa Domino, Domestic Mischief and Lamplighter. Catalogs are now available for this

Deadlines, Judges Set For Nat'l Junior Polled Hereford Show

Judges and entry deadlines have been announced for the fourth National Junior Polled Hereford Show and Forum scheduled for July 12-15, 1977, at the Oklahoma State Fairgrounds in Oklahoma City. Judges for the show on July 14-15 will be Dr. Bill Able, Kansas State University, Manhattan, Kan.; Dick Hubman, Little Beaver Creek Ranch, Ada, Okla.; Dave Anderson of Tjardes Farms, Gibson City, Ill. 1976 Polled Hereford Herdsman of the year, will be the showmanship judge.

All junior members of the American Polled Hereford Association and their 1976-born Polled Hereford heifers are eligible for the show. Ownership deadline is May 2, 1977, and deadline for entries will be May 18. Events begin with forum and council activities on Tuesday afternoon, July 12, and continue with a Polled Hereford judging contest Wednesday morning, July 13, followed by a program titled "Polled Hereford Juniors... On the Move."

Showmanship competition and championship selection are scheduled for Friday, July 15.

Sponsoring organizations, in addition to the APHA, are the junior and adult Oklahoma Polled Hereford Associations, Oklahoma's 4-H and FFA groups and the Oklahoma City Chamber of Commerce.

Entry forms, rules and regulations for the show were mailed to all junior APHA members. Interested youth who do not receive the information should write the American Polled Hereford Association, Youth Activities Department, 4700 East 63rd St., Kansas City, Missouri 64130.

FDA PLANS TO BAN ANTIBIOTICS IN ANIMAL FEEDING

proven, is that scientists fear the subtherapeutic doses in feed to stimulate growth would result in strains of germs and bacteria immune to these drugs, which could present a hazard to humans in need of antibiotics to protect against these organisms.

Kennedy said FDA agreed that the finding of NAFDC that there was no need for a change at the present time, but noted that the full committee did not agree entirely with the subcommittee which made this recommendation. Kennedy stated FDA recognized that these drugs are needed for disease control, but pointed out that even in these cases the effort to develop alternate drugs to completely replace antibiotics should be vigorously pursued.

ROOF COATINGS
 Old roofs of composition shingles & old cedar shingles, can be extended many years. Asphalcan can apply by brush. M.A. BLACK is a mineral asphalt that dries in 30 minutes. Being thin, it penetrates the cracks and can, by itself, stop most leaks. Not a tar. T.M. WHITE is a white coating developed especially to be brushed over the old roof. Either may be used without the other. Best recommendation is that the M.A. BLACK be applied and then two coats of T.M. WHITE. This very permanent repair, at a cost of less than a new roof. The white surface contributes much to cooling in summer. This is our 28th yr. Write for our catalog. We ship same day order is received.

Mayfair Ranch F-1 Female Sale Set April 23, Brenham
 Brenham—George Butler, owner, and Jim Theek, manager, will host the Mayfair Ranch's first annual Bluebonnet F-1 female production sale on Saturday, April 23, beginning at 12:30 p.m. in the Brenham Livestock Commission Company here.
 Selling will be 450 calfhood vaccinated females in groups including 150 Brahman-Angus crosses ready to breed; 100 Brahman-150 Santa Gertrudis BKHFI that are eligible for grading-up program in Santa Gertrudis International and ready to breed; and 50 Hereford crosses ready to breed; and 50 F-1 cows bred to Santa Gertrudis bulls.
 All heifers are dehorned.
 Mayfair Ranch has been producing top F-1 cattle for a number of years along with maintaining one of the top Santa Gertrudis herds. The cattle may be seen at the ranch anytime.
 The owners also urge everyone to attend the Heritage Home tour in Brenham on April 23 and 24. Information is available from George Butler, owner, Mayfair Ranch, or Jim Theek, manager, Route 6, Box 215, Brenham, Texas 77833, phone 718/636-5545; or the sales managers and auctioneers, Edilton & Britten, Dravney R. Bryan, Texas 77801, phone 718/632-4384 or 652-0001.
